TALK OF MEN FOR CHAIRMEN.

Mayor Rose of Milwaukee Is Popu lar Among Missourians-Lentz and Thomas Mentioned-Other Gossip.

BY HOMER BASSFORD,

STAFF CORRESPONDENT OF THE RE-Kansas City, Mo., June 30.-There has been no meeting of the National Commit-tee. When the Republicans met at Phila-deiphia a fortnight ago they found that the National Committee had preceded them by

at least one week.

It was the intention of the National Committe of the Democrats to get together to-day, but when noses were counted this morning it was found that only the sub-committee could be got together. This was accomplished at 10 o'clock, and from that hour until noon the committee worked over

the uninteresting details of routine preliminaries. At 2 o'clock the committee resumed its session behind closed doors.

At 4 o'clock Mr. Campau of Michigan and Mr. Stone came out. They announced that the meeting had adjourned, and that nothing had happened aside from the looking over of reports and the straightening out of miner difficulties.

When Governor Stone was asked what he knew about the plans for the temporary organization, he said that he had absolutely to information on the subject aside from that already printed. He said that it was not possible for any one to have any place that could give promise of being carried out until the meeting of the National Comnittee on Monday.

The subject of the temporary organization

was really taken up in the afternoon execu-tive session, but it was determined that it would be the part of wisdom for the subcommittee to do nothing that might be construed into a definite action. When Gov-ernor Stone came downstairs he exchanged funny stories with Mayor Reed of Kansas City, and said that there was nothing worth For Temporary Chairman.

Young Mr. Hilton of Wisconsin, a dele-gate-at-large from the Wolverine Depart-ment of the United States, is here hard at work for Mr. Rose, Mayor of Milwaukee, for the post of temporary chairman. There has been a good deal of questioning to-day as to the identity of Mr. Rose, for it has been evident from the outset that the name of Rose will be high up when the time comes for selecting a temporary presiding officer. The case of Mr. Rose is like this:

When Milwaukee was out for the Demo cratic Convention that is now assembling here, the hardest worker in the lot of hard workers was the Mayor of Milwaukee, As Major Harvey Salmon said this afternoon, it was the bright young Mayor whom the Kansas City and Missouri fellows had to beat. So, after the prize had been carried away by this live city, there was plenty of

beat. So, after the prize and been carried away by this live city, there was plenty of pleasent speech on the subject of Mi-waukee and her fine Mayor.

It is not surprising, therefore, that Mr. Rose is finding a good deal of support from the Missouri crowd, and especially from the fellows to-day. His friend Hilton, the smiling, quiet delegate-at-large from Wiscon-sin, says that it will be nothing but Rose when the time comes.

Mr. Lentz of Ohio was among the others boomed early this morning, but his boom was not doing much this afternoon. Another boom that looked well early in the day was that of Charley Thomas of Colorado, but it had a puncture put in its tire by somebody's statement that the not for the man from their State, which, of course, is a sorry condition of affairs for a man with a boom in his pocket. Fourth of July Programme.

When the National Committee gets to gether and settles down to real work Mon day, it is likely that it will transfer its working headquarters to the Kansas City Club, which is not far away from the Baltimore Hotel, where many of the commit-

tee have taken rooms.

There has been a good deal of talk here to-day upon the sentimental advantage of nominating Mr. Bryan for the presidency on the nation's birthday, the opening day of the convention. Several members of the of the convention, several members of the National Committee have been asked for views on the subject, and while they will agree that it would be a pleasant thing to do, they are not in favor of going out of the usual order of procedure to accomplis

the result.

Governor Stone has made the statement that he was not in favor of making the nomination before the making of the plat-form, however much he would like to see Mr. Bryan nominated on the Fourth of

Committeeman Johnson of Kansas agrewith Mr. Stone, and expressed the belief that the contests to be considered, in conit impossible for the convention to get to nination on the first day.

**MAYOR ROSE STARTS.** 

Friends Believe He Has Been Chos en Temporary Chairman.

Milwaukee, Wis., June 80.-Mayor David S. Rose of this city is expected here to be temporary chairman of the National Demeratic Convention at Kansas City. His friends say that he has been given that assurance by the National Committee and has already prepared his speech, which contains 6,000 words, and has been distributed among papers throughout the country. Mayor Rose started for Kansas City today. The Wisconsin delegation does not go until to-morrow. It is suggested that the Mayor went to-day in order to arrange for the final arrangements for opening the convention. Before he departed he gave out copies of his speech, which has also been sent to some members of the National Committee officers for the last week, and his friends here assert that the chairmanship has been settled.

The Mayor is now the acknowledged lender of the Wisconsin Democracy. He has just managed to cause the retirement from the National Committee of Edward C. Wall, who held the position for years. Mr. Wall was beaten at the State Convention by Rose causing anti-Wall delegates to be indersed, and the committeeman already has announced his retirement from politics. T. E. Ryan of Waukesha, Rose's lieutenant, will be chosen to succeed Wall. friends say that he has been given that

MR. CAMPAU'S JOKE.

Buffalo Bill as a Match for Roose

Kansas City, Mo., June 30.—D. J. Campau of Michigan, who has been mentioned as a possible candidate for the vice presidency, was in a facetlous mood to-night.

"I am frequently asked the question who, in my judgment, would be the proper person for the Democrats to nominate for Vice President, in view of the nomination by the Republicans of Mr. Roosevelt," said he. "Evidently such a nomination must be offset by a picturesque character if it is

"Therefore, I would suggest William F. Cody, otherwise known as Buffalo Bill."

gation arrives Monday. To-day none of these Smith men know whether the Mary-land Governor really wishes to be nomi-nated. His health has not been good since his election hist fall, and his business inons. The story comes from a reliable Senator Daniel's Admirers.

Not a little sentiment is becoming ap-parent in favor of Senator John W. Daniel bis election last fall, and his business interests require attention.

The Maryland delegation will probably present him, but it may be only for the purpose of holding the vote of the State until the right man appears. His scattering supporters here say that he is the man to gain the business sentiment of the country. He is a brilliant business man himself, though an excellent speaker and energetic in politics. He first redeemed his congressional district after it had been captured by the Republicans, and then redeemed the State last fall. There is no Smith boom, but some Smith talk around the hotels. The Maryland men will say whether the boom is to be launched, and of Virginia, as a fitting companion for Bry-an. Senator Daniel is a lawyer of excep-tional ability, an original Bryan man and a leader in national affairs generally. He presided over the Chicago convention in 1995. Should the convention overlook New York and Indiana, it is not improbable that the selection might be made from Virginia, un-less it might be deemed unwise to go sa

Senator Daniel has not even intimated that he had any desire to make the race, and it is by no means certain that he would allow his name to go before the convention. It is only certain that he has a great many friends who recognize his availability and who have been quietly putting in good words for him where the opportunities have arisen. Mr. Lewis Receptive. From the Far West-the imperial State of Washington comes the news that Congressman J. Hamilton Lewis might be induced to accept the plum should it happen to be tossed his way.

Mr. Lewis is quoted as saying that his own State favors him and that Oregon and Idaho have also indursed his candidacy. A venerable Democrat and delocate-atlarge from Idaho, W. H. Dewey, to-day wondered why Mr. Lewis's name should be entioned in this connection.

Mr. Dewey, who is no relation to the Admiral of the navy, and who, by the way, loes not favor his namesake for any politleal office, is very outspoken in his preference for an Eastern man. He weers a Sulzer badge, but says: "That doesn't mean I am for Suizer."

said Mr. Dewey. "We would prefer a New

Chairman Jones talks in the same strain, adding: 'I do not think it will or can be known in advance what the convention will do on the vice presidential nomination. Sentiment now is purely formative from all that I have been able to gather, even from that I have been able to gather, even from the most ardent supporters of gentlemen mentioned for the nomination. It seems the general desire to let the convention de-cide which man is most thoroughly in harnony with the platform and most accepta bie to the country and the party generally. I believe the selection will be made on this sasts, regardless of any personal prefer-ences of the delegates."

the National Committee, a place now filled by Mr. Gahan, and the same resolution, which was offered by Congressman Tom Jett, instructed the delegation to vote as Jett, instructed the delegation to vote as a unit on all questions. So the trend of opinion in the delegation is important.

The delegates will do whatever Mr. Bryan wants done, if he will indicate his pleasure. I believe a majority will prefer to support a platform of principles in line with that adopted in Springfield last Wednesday. Illinois State omitted the words "sixteen to one." but reaffirmed and indorsed "in letone," but reaffirmed and indorsed ter and spirit" every plank of the Chicago platform of four years ago "In its entirety."
The Cook County leaders were surprised that the Southern lilinois members of the State Convention accepted the platform

been consulted in regard to the phrase and had given his concurrence to the finan-cial plank as adopted by the convention.

As to the vice presidential matter, the delegates will make up their minds after their arrival here. There is not one Illinois delegate present to-night. Colonel Nick Bell of Missouri is trying to

GREATER NEW YORK MEN. Three Special Trains Will Bring

Them West. REPUBLIC SPECIAL.

New York, June 30.—The Greater New York delegates to the Democratic National Convention start for Kansas City to-morrow, aboard three special trains. Tammany will send her delegation, consisting of over 400 braves, over the Lake Shore and Pennsylvania routes, while the King's County folk go over the D., L. & W. With the party will be Colonel George B. McClellan and O. H. P. Belmoot, both of whom have vice presidential aspirations.

Mr. Belmont will enjoy the privilege of a private car. It is to be attached to the rear of the train, and he will number among his guests a few personal and political friends.

Each of the specials will be provided with dining-cars, in which a meal can be procured at almost any hour of the day or night. Lest the liquid refreshments in the dining-cars might give cut during the long trip. Senators Plunkitt and Martin, who run the Tammary trains, have arranged for the stowing away in the baggage-car of a reserve stock. And so long as the ice holds out no one bound for Kansas City will go thirsty.

Here is a list of some of the orders filled by Plunkett and Martin for the reserve stock: One dozen cases Seotch whisky, various brands; two dozen cases American rye, assorted; three dozen cases assorted cock-rolls, 1000 bottles of bottles of bottles of bottles of bottles of bottles. **Just a Little Out of Sorts** 

That is the way many serious troubles begin. The stomach gets a little out of order, is neglected, and chronic dyspepsia follows. The blood becomes a little impure, as occasional pimples testify, and in time a long array of blood diseases attacks the system. It is safest to cure these trou-bles at once by thoroughly purifying the blood with Hood's Sarsaparilla. It maintains the health and cures disease.

STAYP CORRESPONDENT OF THE REPUBLIC.

Kansas City, Mo., June 20.—Illinoisans are slow arriving in the convention city. The Central and Southern Illinois delegates are not expected before Monday forenoon, and the Cook County contingent will bring with it the northern section Tuesday morning. Indications at Springfiel last week at the State Convention promised a contest in the delegation between the two sections of the State. It is certain that Carter Harrison expects to be a member of the Committee on Resolutions, and it is also certain that if any chance of beating him is apparent he will have opposition.

There has been no crystallization of sentiment in the opposition in favor of any individual. It is as likely to select Judge Owen P. Thompson of Jacksonville, a lifelong friend of Mr. Bryan, or former Attorney General Moloney of Ottawa. Or it may go further south and light onto Jacob R. Creighton of Fairfield.

There is no doubt that a majority or acariya amjority of the Illinois delegates will be here Monday noon.
